Allied & Scientific Health Office (SA Health) – UniSA 2024 Research Capacity Building for Allied Health Clinicians

Workshop: How to write a Grant

AIM:

- To introduce the basics of writing a structured grant
- To provide an overview of key concepts that underpin a scientifically sound research plan

OBJECTIVE:

To understand what is needed for a strong and competitive grant application (and produce a first draft of dot points)

CONTENT:

Structure and requirements of a clinical grant application; Different grants for different funders; When constructing grant applications – what to do and what not to do.

ELIGIBLE ATTENDEES:

Allied and Scientific Health Professionals employed in SA Health (attendance either individually, or as a group with a common topic for implementation).

FORMAT:

Online via zoom, combination of didactic presentation, individual activity and reflection/feedback to the wider group

The session will be recorded and sent out to all those who have registered upon conclusion.

A link will be provided following registration.
