About The Divisional Way infographic

This has been designed to represent our **COMMITMENT** to delivering reliable and respectful health care.

The three circles represent the **JOURNEY** of our consumers through our services and how they interconnect with one another.

The connectivity of the circles also symbolises our team **PARTNERSHIPS**, which is one of unity with a common purpose for staff and consumers wellbeing.

The figures in the design represent the **DIVERSITY** of our patients, and the **INCLUSIVITY** of our consumers and staff in the delivery of care.
