OFFICIAL

To:

Hon Stephen Wade MLC

Minister for Health and Wellbeing

This annual report will be presented to Parliament to meet the statutory reporting requirements of *Public Sector Act 2009*, the *Public Finance and Audit Act 1987* and the *Health Care Act 2008* and the requirements of Premier and Cabinet Circular *PC013 Annual Reporting*.

This report is verified to be accurate for the purposes of annual reporting to the Parliament of South Australia.

Submitted on behalf of the Southern Fleurieu Health Advisory Council by:

Michael Timothy McRae
Presiding Member

Date 23 July 2021

Signature

From the Presiding Member

Governance

The South Coast Health Advisory Council (SCHAC) was established as an Incorporated Health Advisory Council by notice dated 2 June 2008 made by the Minister for Health and Wellbeing under Section 15 (1) of the *Health Care Act 2008*.

In August 2018, by Ministerial approval, the name was changed to the Southern Fleurieu Health Advisory Council (SFHAC).

The Annual General Meeting of the SFHAC was held on 11 November 2020. Michael McRae was re-elected as Presiding Member for a further two-year term. No nominations were received for the Medical Practitioner Member which remains vacant.

Deputy Presiding Member Peter Davidge and Public Officer John Woite resigned during the year after having provided excellent input as members of the HAC and received sincere thanks from other committee members for their fine service.

Expressions of Interest are currently being advertised in local media for replacement community representatives to join SFHAC.

Eleven ordinary meetings were held during the reporting period with the December 2020 meeting deferred due to the COVID-19 pandemic.

Committee Members participated in All-Staff Meetings presented by BHFLHN CEO, Rebecca Graham, throughout the period, together with a Consumer and Community Engagement Workshop that highlighted the importance of developing effective community engagement and partnership strategies.

SFHAC provided input and feedback to consultants undertaking a review of Strategic Planning for BHFLHN and were kept abreast of the proposed site redevelopment for the emergency department, renal and central sterile supply department (CSSD).

Alison King kept members well informed and sought feedback from committee members regarding the Southern Fleurieu Profile and Service Planning Document.

Input was also made into the revised HAC Member Induction Handbook.

Declaration of Conflict of Interest

Members were given the opportunity to declare conflicts of interest at each meeting following the acceptance of the minutes of the previous meeting. No declaration of a conflict was made during the reporting period.

Community Engagement

SFHAC members attended several community forums and workshops throughout the period including Palliative Care, Advance Care Directives, Ageing Well in your Community and Presiding Member Forums.

Mike McRae spoke on community engagement at two Probus meetings and on Advance Care Directives on Fleurieu FM community radio.

The Hospital History Research Project continued its fine work in researching material to be included in a book to be published to celebrate the centenary of the hospital and fundraising is underway to support in part costs of the project.

The SFHAC also oversaw the administration of the following:

- Health Advisory Incorporated Gift Fund.
- Charitable Gifts and Donations.
- Awarding Scholarships.
- Thanking the many volunteers who contribute substantial time towards the provision of services throughout South Coast District Hospital.
- Organising combined liaison meetings of SFHAC, Hospital Auxiliary and Victor Harbor Private Hospital executive.
- Arranging guest speakers at SFHAC meetings including information on Specialist Palliative Care, South Australian Ambulance Service Paramedic Services, BHFLHN Media Liaison Unit, Mental Health issues.
- Victor Harbor Community Child Care Centre Lease.

Initiatives Included

- Continuing to support Mental Health Peer Support Project.
- Purchased toys and resources for Community Health Services.
- Arranged donation of two palliative care air mattresses for Country Health Connect.
- Purchased a defibrillator for the public hospital.
- Purchased a mobile equipment trolley for the emergency department/public hospital.
- Awaiting final approval from Commissioner St John Ambulance SA further our request for a defibrillator to be installed at the Encounter Bay boat ramp.
- Fleurieu Region Community Supervisory Committee presently considering our request for the provision of a part-time coordinator to oversee the Advance Care Direct Assist program (*ACD Assist*) throughout the Local Government Districts of City of Victor Harbor, Alexandrina Council and Yankalilla Council.

General

Notwithstanding that a Commonwealth Census is due in August 2021; current statistics are now almost five years old (2016). There has been a marked increase in inward movement of residents into Victor Harbor and surrounds, no doubt substantially attributable to the impact of the COVID-19 pandemic predominant in the eastern states.

Having the highest 65+ aged population in South Australia, Victor Harbor is presently experiencing a property surge that sees some listed houses being sold in less than a week.

Infrastructure generally is stretched, and this is nowhere more evident than in the provision of health care services throughout the Southern Fleurieu Health Services Area.

Fortunately, the awarding of Federal and State funding of \$15.1 million will enable the upgrade of the already overstretched Emergency Department and Acute Renal Unit at South Coast District Hospital. However, attention to forward planning for other health care services will also need to be undertaken at the earliest available opportunity.

SFHAC have identified the following key areas as being of high priority to cope with present and future health service requirements:

- Palliative Care.
- Mental Health and Drug and Alcohol Services.
- Dementia Clinic.
- Aged Care Services.
- Extension of Radiology services at SCDH between 10-30pm and 8-00am.
- Development of a SFHAC Facebook page.
- Increased promotion of COVID-19 vaccination for all Southern Fleurieu residents.
- Continue to support the *ACD Assist* program.
- Promote donations and bequests to SFHAC for purchase of medical equipment and health service needs.
- Planning for relocation of Emergency Department.

Special consideration needs to be given to the fact that the BHFLHN Framework for Consumer and Community Engagement informs best practice in community engagement initiatives to define the different types of community engagement strategies for its Health Advisory Councils, from simply informing a group of people right through to empowering consumers to make the final decision in health care matters. This includes forming partnerships.

The Framework acknowledges the special role that HACs play in their local communities and the value this systemic local engagement can bring to country health services.

It also acknowledges the legislative responsibility applied to HACs that ensures they are best placed to provide a broad whole-of-community perspective to community participation and engagement.

The South Coast District Hospital, however, is located within the Southern Fleurieu catchment area which incorporates Victor Harbor, Yankalilla, and Goolwa-Port Elliot and additionally portions of the communities of Strathalbyn and Mount Compass to Cape Jervis.

Presently, no member of SFHAC receives any form of remuneration for attendances at community forums and workshops etc, or visits to medical and health facilities located in the region, notwithstanding that these provisions are clearly set out in 'SA Health' *Sitting Fees and Reimbursement for External Individuals* **Policy Directive**.

As a result, all HAC meetings and planning strategies are undertaken within the confines of the SCDH.

My special thanks go to the members of the SFHAC who have contributed their considerable time, skills, and knowledge to the committee throughout the reporting period in frequently difficult circumstances due to the COVID-19 pandemic. No doubt our members are well positioned to face future similar challenges that may arise and will continue to support the provision of best practice health services throughout the Southern Fleurieu Health Service Area.

Strategies implemented to control and prevent fraud

Health Advisory Councils have specific functions and powers as defined in the *Health Care Act 2008* and the Constitution (for incorporated Health Advisory Councils or Rules (for unincorporated Health Advisory Councils), including actions that cannot be undertaken without the approval of the Minister.

Health Advisory Councils are instrumentalities of the Crown and subject to relevant Department of Treasury and Finance Treasurers Instructions.

The Constitutions / Rules identify the actions to be undertaken in the event of a conflict of interest. All declared conflicts of interest are reported to the Minister for Health through Barossa Hills Fleurieu Local Health Network Inc.

Data for previous years is available at: <https://data.sa.gov.au/data/dataset/barossa-hills-fleurieu-local-health-network-bhflhn>

SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 30 June 2021

1 About Southern Fleurieu Health Advisory Council Inc

The Advisory Council was established as an incorporated advisory council pursuant to the *Health Care Act 2008* (the Act) under the name of South Coast Health Advisory Council Incorporated. This name was changed on 23 June 2019 to Southern Fleurieu Health Advisory Council Incorporated (the Advisory Council).

The financial statements include all controlled activities of the Advisory Council.

The Advisory Council does not control any other entity and has no interests in unconsolidated structured entities.

The Advisory Council is controlled by Barossa Hills Fleurieu Local Health Network Inc.

1.1 Objectives and activities

The Advisory Council was established to undertake an advocacy role on behalf of the community, to provide advice, and to perform other functions as determined under the Act.

The Advisory Council is established to:

- advise on the health service needs, priorities and issues within the Local Area with particular emphasis upon those issues in the context of consumers of health services, carers and volunteers
- ascertain the health needs of the Community and the attitude of the Community to the development of health services within the Community
- advocate on behalf of the Community to support the planning and provision of health services as part of an integrated statewide health system for the benefit of the Community
- hold assets for the benefit, purposes and use of, the Health Unit(s) on terms and conditions determined of approved by the Minister
- undertake such other activities as the Advisory Council may determine for the benefit or support of health services in the Local Area

The functions of the Advisory Council are to contribute significantly to the improved overall health status of all people by acting as an advocate and providing advice about the provision of health services, health issues, goals, priorities, plans and other strategic initiatives both inside and outside the Local Area.

1.2 Basis of preparation

These financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the Public Finance and Audit Act 1987; and
- relevant Australian Accounting Standards (with reduced disclosure requirements) applicable to not-for-profit entities, as the Advisory Council is a not-for-profit entity.

The financial statements have been prepared based on a 12 month period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000).

The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Significant accounting policies are set out below or in the notes.

1.3 Taxation

The Advisory Council is not subject to income tax but is liable for goods and services tax (GST).

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis, and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 30 June 2021

1.4 Equity

The Advisory Council uses the asset revaluation surplus to record increments and decrements in the fair value of land and buildings to the extent that they offset one another. Relevant amounts are transferred to retained earnings when an asset is derecognised.

1.5 Changes in accounting policy

The Advisory Council did not voluntarily change any of its accounting policies during the year.

1.6 Impact of COVID-19 pandemic

The COVID-19 pandemic has not had a material impact on the operations of the Advisory Council and is not expected to do so in the future.

2 Property, plant and equipment

2.1 Acquisition and recognition

Non-current assets are initially recorded on a cost basis, and subsequently measured at fair value. Where assets are acquired at no value, or minimal value, they are recorded at their fair value in the Statement of Financial Position. Where assets are acquired at no or nominal value as part of a restructure of administrative arrangements, the assets are recorded at the value held by the transferor public authority prior to the restructure.

The Advisory Council capitalises all non-current tangible assets that it controls valued at or greater than \$10,000.

2.2 Depreciation

All non-current assets, that have a limited useful life, are systematically depreciated over their useful lives in a manner that reflects the consumption of their service potential.

The useful lives and depreciation methods of all major assets held by the Advisory Council are reviewed and adjusted of appropriate on an annual basis. Changes in expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for prospectively by changing the time period or method, as appropriate.

Land and non-current assets held for sale are not depreciated.

Depreciation is calculated on a straight line basis over the estimated or revised remaining useful life of the following classes of assets as follows:

<u>Class of asset</u>	<u>Useful life (years)</u>
Buildings and improvements	40 - 80
Site improvements	40 - 80

2.3 Revaluation

All non-current tangible assets are valued at fair value after allowing for accumulated depreciation (written down current cost).

The Advisory Council revalues all land, buildings and site improvements on a regular cycle via a Certified Practising Valuer.

If at any time, management considers that the carrying amount of an asset greater than \$1 million materially differs from its fair value, then the asset will be revalued regardless of when the last valuation took place.

Non-current tangible assets that are acquired between revaluations are held at cost, until the next valuation, when they are revalued to fair value.

Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amounts of the assets and the net amounts are restated to the revalued amounts of the asset.

Upon disposal or derecognition, any asset revaluation surplus relating to that asset is transferred to retained earnings.

2.4 Impairment

The Advisory Council holds its property assets for their service potential (value in use). Specialised assets would rarely be sold and typically any costs of disposal would be negligible, accordingly the recoverable amount will be closer to or greater than fair value. Where there is an indication of impairment, the recoverable amount is estimated. For revalued assets, fair value is assessed each year.

There were no indications of impairment of property and infrastructure as at 30 June 2021.

SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 30 June 2021

2.5 Valuation of land and buildings

An independent valuation of land and buildings, including site improvements, was performed in March 2018 by a Certified Practising Valuer from AssetVal (JLT) Pty Ltd, as at 1 June 2018.

Fair value of unrestricted land was determined using the market approach. The valuation was based on recent market transactions for similar land and buildings (non-specialised) in the area and includes adjustment for factors specific to the land and buildings being valued such as size, location and current use.

Fair value of specific land and buildings was determined using depreciated replacement cost, due to there not being an active market for such land and buildings. The depreciated replacement cost considered the need for ongoing provision of government services; specialised nature of the assets, including the restricted use of the assets; the size, condition, location. The valuation was based on a combination of internal records, specialised knowledge and acquisition/transfer costs.

3 Reconciliation of property, plant and equipment

The following table shows the movement:

2020-21	Land \$'000	Buildings \$'000	Total \$'000
Carrying amount at the beginning of the period	1,610	1,155	2,765
Subtotal:	1,610	1,155	2,765
Gains/(losses) for the period recognised in net result:			
Depreciation	-	(62)	(62)
Subtotal:	-	(62)	(62)
Carrying amount at the end of the period	1,610	1,093	2,703
Gross carrying amount			
Gross carrying amount	1,610	1,285	2,895
Accumulated depreciation	-	(192)	(192)
Carrying amount at the end of the period	1,610	1,093	2,703

4 Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed within this note and, if quantifiable are measured at nominal value. The Advisory Council is not aware of any contingent assets and liabilities. In addition, the Advisory Council has made no guarantees.

5 Key Management Personnel

Key management personnel of the Advisory Council include the Minister, the Chief Executive of the Department for Health and Wellbeing, board members and the Chief Executive Officer of Barossa Hills Fleurieu Local Health Network Inc and the members of the Advisory Council.

The Advisory Council did not enter into any transactions with key management personnel or their close family during the reporting period that were not consistent with normal procurement arrangements.

6 Remuneration of Council members

The total remuneration received or receivable by members was nil. In accordance with the Premier and Cabinet Circular No 016, government employees did not receive any remuneration for council member duties during the financial year. Unless otherwise disclosed, transactions between members are on conditions no more favourable than those that it is reasonable to expect the entity would have adopted if dealing with the related party at arm's length in the same circumstances.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC.

Report on the Financial Report

Audit Opinion

We have audited the accompanying financial report of Southern Fleurieu Health Advisory Council Inc. (the Health Advisory Council), which comprises the statement of financial position as at 30 June 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising summary of significant accounting policies and other explanatory information, and the statement by the presiding member and operational finance manager.

In our opinion, the financial report of Southern Fleurieu Health Advisory Council Inc. presents fairly in accordance with Treasurer's Instructions promulgated under the provisions of the Public Finance and Audit Act 1987, Department of Health Accounting Policies, the Health Care Act 2008, applicable Accounting Standards and other mandatory professional reporting requirements in Australia, the financial position of Southern Fleurieu Health Advisory Council Inc. as at 30 June 2021 and the results of its operations and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Health Advisory Council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia, and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Health Advisory Council's Responsibility for the Financial Report

The Health Advisory Council is responsible for the preparation of the financial report that presents fairly in accordance with the Health Care Act 2008, Treasurer's Instructions promulgated under the provisions of the Public Finance and Audit Act 1987, Department of Health Accounting Policies, applicable Accounting Standards and other mandatory professional reporting requirements in Australia. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health Advisory Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Health Advisory Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC GIFT FUND TRUST
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 30 June 2021

1 About Southern Fleurieu Health Advisory Council Inc Gift Fund Trust

Southern Fleurieu Health Advisory Council Inc Gift Fund Trust (the Trust) was established by virtue of a deed executed between the Department for Health and Wellbeing (the Department) and Southern Fleurieu Health Advisory Council Inc (the Trustee), formerly named South Coast Health Advisory Council Inc.

The financial statements include all controlled activities of the Trust.

The Trust does not control any other entity and has no interests in unconsolidated structured entities.

The Trust is controlled by Barossa Hills Fleurieu Local Health Network Inc.

1.1 Objectives and activities

The Trust is a public ancillary fund and has been endorsed by the Australian Taxation Office as a Deductible Gift Recipient (DGR).

The Trust is established to:

- seek, collect and administer donations and bequests, to be used for the benefit of the local area health service that are DGRs
- undertake fundraising activities, the proceeds from which are to be used for the benefit of the local area health services that are DGRs

1.2 Basis of preparation

These financial statements are general purpose financial statements prepared in compliance with:

- section 23 of the *Public Finance and Audit Act 1987*;
- Treasurer's Instructions and Accounting Policy Statements issued by the Treasurer under the Public Finance and Audit Act 1987; and
- relevant Australian Accounting Standards (with reduced disclosure requirements) applicable to not-for-profit entities, as the Trust is a not-for-profit entity.

The financial statements have been prepared based on a 12 month period and presented in Australian currency. All amounts in the financial statements and accompanying notes have been rounded to the nearest thousand dollars (\$'000).

The historical cost convention is used unless a different measurement basis is specifically disclosed in the note associated with the item measured.

Assets and liabilities that are to be sold, consumed or realised as part of the normal operating cycle have been classified as current assets or current liabilities. All other assets and liabilities are classified as non-current.

Significant accounting policies are set out below or in the notes.

1.3 Taxation

The Trust is not subject to income tax but is liable for goods and services tax (GST).

Income, expenses and assets are recognised net of the amount of GST except:

- when the GST incurred on a purchase of goods or services is not recoverable from the Australian Taxation Office (ATO), in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis, and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the ATO is classified as part of operating cash flows.

1.4 Changes in accounting policy

The Trust did not change any of its accounting policies during the year.

SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC GIFT FUND TRUST
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS

SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC GIFT FUND TRUST
NOTES TO AND FORMING PART OF THE FINANCIAL STATEMENTS
For the year ended 30 June 2021

9 Contingent assets and liabilities

Contingent assets and contingent liabilities are not recognised in the Statement of Financial Position, but are disclosed within this note and, if quantifiable are measured at nominal value. The Trust is not aware of any contingent assets and liabilities. In addition, the Trust has made no guarantees.

10 Financial instruments / financial risk management

10.1 Financial risk management

The Trust's exposure to financial risk (liquidity risk, credit risk and market risk) is low due to the nature of the financial instruments held.

10.2 Categorisation of financial instruments

The carrying amounts of each of the following categories of financial assets and liabilities: financial assets measured at amortised cost; financial assets measured at fair value through profit or loss; financial assets measured at fair value through other comprehensive income; and financial liabilities measured at amortised cost are detailed below if applicable.

Category of financial asset and financial liability	Notes	2021 Carrying amount \$'000	2020 Carrying amount \$'000
Financial assets			
Cash and equivalent			
Cash and cash equivalents	5	26	112
Amortised cost			
Receivables	6	-	2
Other financial assets	7	456	400
Total financial assets		482	514
Financial liabilities			
Financial liabilities at amortised cost			
Payables	8	-	9
Total financial liabilities		-	9

⁽¹⁾ Receivable and payable amounts disclosed here exclude statutory receivables and payables such as GST receivables and payables.

11 Key Management Personnel

Key management personnel of the Advisory Council include the Minister, the Chief Executive of the Department, board members and the Chief Executive Officer of Barossa Hills Fleurieu Local Health Network Inc and the members of the Advisory Council.

The Trust did not enter into any transactions with key management personnel or their close family during the reporting period that were not consistent with normal procurement arrangements.

12 Remuneration of Council members

The total remuneration received or receivable by members was nil. In accordance with the Premier and Cabinet Circular No 016, government employees did not receive any remuneration for council member duties during the financial year. Unless otherwise disclosed, transactions between members are on conditions no more favourable than those that it is reasonable to expect the entity would have adopted if dealing with the related party at arm's length in the same circumstances.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THE SOUTHERN FLEURIEU HEALTH ADVISORY COUNCIL INC. GIFT FUND TRUST

Report on the Financial Report

We have audited the accompanying financial report of Southern Fleurieu Health Advisory Council Inc. Gift Fund Trust (the Gift Fund Trust), which comprises the statement of financial position as at 30 June 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising summary of significant accounting policies and other explanatory information, and the statement by the presiding member and operational finance manager.

In our opinion, the financial report of Southern Fleurieu Health Advisory Council Inc. Gift Fund Trust presents fairly in accordance with Treasurer's Instructions promulgated under the provisions of the Public Finance and Audit Act 1987, Department of Health Accounting Policies, the Health Care Act 2008, applicable Accounting Standards and other mandatory professional reporting requirements in Australia, the financial position of Southern Fleurieu Health Advisory Council Inc. Gift Fund Trust as at 30 June 2021 and the results of its operations and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Health Advisory Council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia, and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Health Advisory Council's Responsibility for the Financial Report

The Gift Fund Trust is responsible for the preparation of the financial report that gives a true and fair view in accordance with the Health Care Act 2008, Treasurer's Instructions promulgated under the provisions of the Public Finance and Audit Act 1987, Department of Health Accounting Policies, applicable Accounting Standards and other mandatory professional reporting requirements in Australia. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health Advisory Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Health Advisory Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
