

PRIVACY NOTICE

Your personal information collected by SA Health is subject to confidentiality provisions under the *Health Care Act 2008 (SA)*, which prevent SA Health personnel from disclosing your personal information except as required or authorised by law.

Your vaccination record will be recorded on SA Health's system. SA Health and other South Australian Government agencies must comply with the [PC-012 Premier and Cabinet Information Privacy Principles](#) with respect to collection, storage, access, use, and disclosure of your information. Your information is stored securely and is treated as confidential.

Your vaccination record will also be recorded on the Commonwealth Government's Australian Immunisation Register where it is stored on your Medicare account. This information is protected under the *Australian Immunisation Register Act 2015 (Cth)*.

When you give SA Health your personal information, we may collect and use it for the following purposes:

- to verify your identity;
- to allow a healthcare provider treating you to view your Australian Immunisation Register (AIR) record including immunisation history;
- to report details of your vaccinations to AIR;
- to allow clinics to produce a list of vaccinations provided through the clinic;
- to allow Commonwealth and State or Territory health agencies to monitor and report on the progress of vaccinations;
- to obtain your informed consent for vaccination, and store your consent records, as required by law;
- to contact you in relation to your vaccinations;
- To support communicable disease activities, such as contact tracing, including integration with relevant IT solutions;
- If you are an employee of an SA Health entity, we may also use it to:
 - allow your employer to confirm who has been vaccinated; and
 - update your HR records with vaccination details.
- For purposes permitted under the [PC-012 Premier and Cabinet Information Privacy Principles](#).

If you do not provide your personal information, the reporting of your vaccination to the Australian Immunisation Register may not be able to occur through SAVAX.

We may also collect, with your consent, the main reason you were eligible to receive your COVID-19 vaccine. This is optional, and if you do not consent you are still able to receive your COVID-19 vaccine and have those details reported to the Australian Immunisation Register via SAVAX.
